In an attempt to prevent the spread of illness, please remember the following:

- **First and foremost, if you are sick, stay home**
- **Cover your coughs and sneezes**
- **Wash your hands often with soap and water or use a hand sanitizer**
- **Avoid touching your eyes, nose and mouth**

One of the best ways to stop the spread of bacteria and infection is by hand washing. Make sure to wash your hands with soap for at least 20 seconds - Just about enough time to sing your ABC's!
