

W.I.S.E. Symposium 2020

A ZOOMposium!

We're back and we can hardly wait to SEE you there!
Beginning Thursday, May 14th, 3:30-4:30
and every Thursday through June 11th

The WISE – Women in Science & Engineering – Club at Churchill High School will host the 8th annual WISE Symposium. It will be LIVE on Zoom! It's for ALL Lane County high school students to enjoy. Workshops are lead by area professionals in engineering, technology, math, and science. Join the Symposium by using the link, meeting ID, and password at the end of this email.

The WISE mission is about encouraging women and other underrepresented populations to consider STEM careers as viable high wage opportunities. WISE club membership includes ANY CHS students.

This symposium was made possible with support from OBEC Engineering and Soroptimists of Eugene.
