

ATTENTION SENIORS-

Many of you are beginning the college application process and we would like to help guide you through this process while staying within the guidelines for Covid 19. Below are links to videos that will guide you in the college application process through Naviance. Naviance has been the tool that counselors use for sending transcripts to colleges and to support students during college season.

******NOTE****. Naviance is the process used for sending any transcripts to colleges for all High Schools in 4j. If a student doesn't use Naviance to request a transcript from their counselor, to be sent to a college, transcripts will not be sent. ******

No transcripts will be sent to students for college applications.

Please watch all videos within the link and reach out to your counselor if you have any further questions. Transcript requests will be sent prior to college deadlines "IF" a transcript request is made through the student's Naviance account. Letters of Recommendation for college entrance will be requested through Naviance as well and that information will also be in the links below.
