

Adventure! Children's Museum is currently seeking paid interns to work at the museum while learning job skills and helping support learning opportunities for participants in our summer STEAM camps!

Adventure! Children's Museum Paid Summer Internships

490 Valley River Center, Eugene, OR 97401

(541) 653-9629

Ask to speak with Amelia or Rylie

\$13.50 – \$14.50 per hour, depending on assigned duties and qualifications

Do you enjoy working around children? Are you cheerful and hardworking? We are seeking friendly, responsible staff members age 16+ to work as paid visitor services interns this spring at Adventure! Children's Museum, May through early September. Interns should be safe around children and ideally have an interest in learning more about child psychology, early childhood education, or working with and around children in some other capacity. Background check required. Gain job and interview skills, support spring and summer activities, help plan and prep craft and science projects. Earn new cleaning and sanitization skills that support work in many fields. We may consider extending the position beyond the end of summer.

These are active positions that require a lot of movement and cleaning. Lifting up to 20 pounds may be required. Prior experience not necessary; this is an opportunity to build your resumé and earn skills in a workplace environment. Position supports full-time students; we currently have a need for after school and weekend interns, approximately 12-24 hours per week. Paid sick leave begins to accrue on day 1 of employment. We participate in the Oregon Saves retirement savings plan. Vaccines required at this time. Masks optional while Lane County is in a low-risk category. Adventure! is an Equal Opportunity employer; we are committed to maintaining workplace and board diversity. BIPOC and LGBTQ candidates encouraged to apply, and bonus points to any application if the applicant speaks or is learning to speak a second language.
